Four Approaches By Companies To Future Skill

First Come. First Serve

Companies recognize employees who take the initiative to learn. They buy bulk licenses and offer it to employees on a first-come-first-serve basis

Intergrate Into Talent Development Programs

Companies recognize employees who take the initiative to learn. They buy bulk licenses and offer it to employees on a first-come-first-serve basis

Skill Customer Facing Groups

Make it essential for employees in customer facing job families to directly impact the quality of customer conversations

Mix & Match

Companies also use a mix of the above three approaches to cover their employee development needs
